### Opis produktu

There is a reason why timing  
is such a crucial element  
in enjoying a good cuppa...

*Drink your tea slowly and reverently,  
as if it is the axis on which the world  
earth revolves - slowly, evenly,  
without rushing toward the future.*

Tea is a noble herb with a 5000 year heritage.  
Problems of mankind have been solved over a  
cuppa, all in good time...

When brewing tea, timing is a crucial element.  
The taste, character and quality of the tea can differ  
based on the brewing time. This is why it is vital  
that Black & Green teas and Infusions are brewed  
correctly in order to bring out the best in the tea.  
Follow the brewing instructions for each tea or  
infusion to ensure you do not compromise on the  
indulgent experience of this wonderful herb.
